

Tenant Assembly and Accessibility Info

Come for the AGM; Stay for the Tenant Assembly!

We strongly urge all members and tenant advocates to attend this years' Tenant Association Assembly!

We have extended an invitation to all our Tenant Association members and friends to come out and discuss how to affect political change! A number of City Councillors and supportive agencies have also confirmed their attendance including Councillor Josh Matlow, The Stop Community Food Centre + Bread and Bricks Social Justice Group, Put Food In the Budget, ACORN, The Advocacy Centre for Tenants or Ontario and Parkdale Community Legal Clinic.

The assembly will be a discussion for issues that affect tenants in all of Ontario, including issues unique to our tenant association members. We're looking to make plans of action to get the rights tenants deserve. Less talk, more rock!

Bring your tenant issues and we will collaborate on how we can position ourselves with the people who make decisions on our behalf.

Help the FMTA make our events more accessible!

Our AGM location – OISE - is wheelchair accessible. If have any questions or requirements for accessibility, please email geordie@torontotenants.org or call 416-646-1772 so we can make arrangements.

If you need ASL or captioning, please email us and we will book a translator or captioning service. If you have any other disability requirements, please call us and we'll see how we can accommodate you.

Because some folks with cancer and other chronic illnesses get sick from strong fragrances, we recommend folks to not wear perfume/cologne to our meetings if possible so everyone can participate. Call us for more info if necessary!
